

Change user's theme via console

Enter noc dbshell:

```
noc:~ # cd /opt/noc/  
noc:/opt/noc # ./noc dbshell  
psql (9.1.9)  
Type "help" for help.
```

Check user id:

```
noc=# select id from auth_user where username='<username>;
```

Check user's theme (optional):

```
noc=# select theme from main_userprofile where user_id=<id>;
```

Set user's theme to gray:

```
noc=# update main_userprofile set theme='gray' where user_id=<id>;
```
