

Coming soon

We're pleased to announce the new site and services is almost done and we proceeded to license approval.

Our new site services suite consists of:

- [Jira + GreenHopper](#)
- [Confluence + Ad Hoc Workflows](#) plugin
- [FishEye + Crucible](#)
- [Bamboo](#)

Special thanks to Maxim Shaposhnikov for sharing one of his blazingly-fast ESXi virtual machines for new site services and to [Alexey Shirokikh](#), for the great work of bringing all pieces together and for maintaining new site

Please be patient and follow the news updates ...
